

Spring 2014 Winchell Seminar Series
Frontiers in Polymer Science and Functional Materials

February 7
DANIEL A. SAVIN
University of Southern Mississippi
School of Polymers and High Performance Materials

February 21
ARTHI JAYARAMAN
University of Colorado
Department of Chemical and Biological Engineering

March 14
CHRISTOPHER WOHL
NASA Langley Research Center

March 28
NEWELL R. WASHBURN
Carnegie Mellon
Chemistry, Biomedical Engineering
and Materials Science & Engineering

April 18
LYNN M. WALKER
Carnegie Mellon
Chemical Engineering, Chemistry and
Material Science and Engineering

April 25
CHRISTOPHER LI
Drexel University
Material Science and Engineering
